### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with the Attorney for Applicant, Daniel R. McClure (Reg. No. 38,962) on March 31, 2005.

The application has been amended as follows: **Claim 2, line 6**, delete --and the shifted carrier is moved-- and insert "such that the carrier is shifted" therein.

Claims 1-30 are allowed. The following is an examiner's statement of reasons for allowance: the instant application is deemed to be directed to a nonobvious improvement over the invention(s) patented in U.S. Patent Nos. 6,510,048 and 6,366,440, respectively, either alone or in combination. The improvement comprises a detachable keyboard structure having a moveable component that reverses the magnetic relationship between a first magnetic component, having a first north (N) magnetic pole and a first south (S) magnetic pole, the first magnetic component disposed at the keyboard, and a second magnetic component, having a second north (N) magnetic pole and a second south (S) magnetic pole, the second magnetic component disposed at the main body.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
